Norway Update

36th IPHE Steering Committee Meeting

16 – 17 November 2021

Virtual Meeting

Announcements / New Initiatives *Norway*

- **New Government in office from October 2021** (Labour and Center Party)
 - Hydrogen strongly present in the political platform
 - Will announce production goals for green and blue hydrogen within 2030
 - Consider the establishment of a state-owned hydrogen company
 - (Seek to implement) increasing the tax on CO₂ to 2000 NOK by 2030 (590 NOK today), 15% increase every year until 2030.
 - Require low- to- zero emission solutions in public procurements.
- **Former Government**
 - New Hydrogen Roadmap in June 2021 (follow up hydrogen strategy from 2020)

Examples of Lessons Learned and Impact *Norway*

Program initiative, policy, regulation or mandate	Lessons Learned/Outcomes
Government decided that Norway's longest ferry connection should be fuelled by hydrogen (Public procurement)	<ul style="list-style-type: none"> Decided October 2020, procurement in process, start-up in 2024

Thank you
