## *Italy* Update

36<sup>th</sup> IPHE Steering Committee Meeting  
16 – 17 November 2021  
Virtual Meeting

# Announcements / New Initiatives *Italy*

- Italian Ministry for Economic Development has issued preliminary **Guidelines for a National Hydrogen Strategy** (November 2020)
- EU recovery Fund (total for Italy €220B): **€3.2B** towards hydrogen roll-out (€160M for R&D)
- R&D, European framework: **10 funded projects kicked off in 2021** with Italian participation, attracting €7M funds to Italy mobilising over €37M funds in total
- FID, National Framework: flagship project **Hydrogen Demo Valley** – an at-scale, fully integrated hydrogen ecosystem within ENEA but with full access to industry for validating hydrogen products across and within the value chain
- **Important Projects of Common European Interest:** Industry-led pan-European initiative for the leverage of State aid mechanisms. 2 projects under notification: 1) H2 Technology (€1B for Italian companies) 2) H2 Industry (€1.2B). Further IPCEIs under negotiation.
- National association of industries (Confindustria) carrying out a **nation-wide gap analysis of RCS** for hydrogen deployment in industry and infrastructure

# Thank you
