## 2. SC Business

### 8. Secretariat to initiate contact with ICHET regarding their upcoming summit and explore possible options not to interfere with WHEC

#### Status:

- The World Hydrogen Energy Summit will take place on 15-17 July 2010 in Istanbul.
- The World Hydrogen Energy Conference (WHEC) will take place on May 16-21, 2010 in Essen, Germany.
- No conflict.

## 2. SC Business

### **Decisions:**

- 1. In principle, the Steering Committee agrees to move forward with the relationship with Fuel Cells Today (FCT)**
- 2. The SC agrees to move the IPHE Awards to every 2 years to align with WHEC as well as to retain the existing nominations.**

## 2. SC Business

### Decisions:

3. **Proposed by the UK and seconded by the USA, the German candidacy for the Chairmanship of the Steering Committee was accepted. Members not present will be asked to confirm this decision by mid-June, 2009. Silence will be considered as consent.**

## 2. SC Business

### Decisions:

4. A Task Force consisting of existing SC and ILC co-chairs, upcoming chairs, and the USA was formed to help write a paper evaluating different IPHE organizational restructuring options.
5. Two options were proposed to change the existing IPHE name to either “International Partnership for Hydrogen in the Economy”, or “International Partnership for Hydrogen and Fuel Cells in the Economy”, while retaining the existing acronym. These options will be further discussed in Washington.

## 2. SC Business

### Decisions:

6. SC members agreed that the points outlined in the one page document developed at the 11th IPHE SC meeting are to be used by the Secretariat to draft the Communiqué by the end of May 2009. SC to review and finalize this version by mid-June. The 3 page Policy Primer will then be developed by the ILC SON Task Force and sent to the SC for review by end of July. SC to review this document by mid-September. All documents to be distributed to SC members by end of September and discussed during the Washington meeting.

## 2. SC Business

### IPHE Communiqué

- **SON Document – Where are we now?**
  - *The SON document, as proposed and deemed sufficient by the ILC in Oslo, was presented at the SC in Uluru;*
  - *The SC Chair lead a roundtable discussion on both the SON Document and the Communiqué.*
  - *The discussions produced many additional comments which required a substantive update of the SON Document.*
  - *SC members agreed on key messages, including wording, for a Communiqué.*
  - *A new version of the SON document was recently distributed to all members*
- **ILC Comments from Day 1**

## 2. SC Business

### South African (SA) re-Application for IPHE Membership

- **Application received by Secretariat in May 2009 from SA's Minister of S&T.**
- **Previous submission in 2005 declined by SC due to lack of a national program and no signs of long-term commitment.**
- **Current submission adequately addresses membership criteria.**
- **SC decision required.**

#### *IPHE membership criteria:*

- 1) a substantial, long-term resource commitment to HFC technology research and development activities;*
- 2) a well-defined vision and national strategy to advance technology deployment and infrastructure development; and*
- 3) a commitment reflected in policies and strategies that effectively advance private sector development of a hydrogen economy.*
